Lunch & learn to help you access funds for updating and reviewing
your COVID-19 safety plans.

This Webinar will help explain how you can get your business (1 to 49 employees) up to date your safety plans and procedures including helping close any gaps in your existing plans.

Through Workplace Safety & Prevention Services (WSPS), farmers and agri-food businesses can access professional advice and consulting services to help them with their COVID-19 needs. Workplaces may be eligible for two days of services tailored to their needs (worth \$2,000 – paid for by the Canadian Agricultural Partnership. This funding is available until February 28, 2022.

Register at projects@opic.on.ca

Link will be emailed the day before the workshop.
